Career Objective

Motivated and detail-oriented aspiring Data analyst and Machine Learning Engineer with a strong foundation in Python, SQL, supervised machine learning, and data visualization tools. Seeking an entry-level role to apply analytical and programming skills.

Technical Skills

Programming Languages: Python, Java, SQL

Machine Learning: Supervised Learning (Linear Regression, Logistic Regression, Decision Trees, KNN)

Python Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Data Visualization: Power BI, Microsoft Excel

Cloud & Tools: AWS (EC2, S3 – basics), Git, GitHub, Jupyter Notebook

Projects

Machine Learning Classification Project – Built and evaluated supervised ML models using Python and Scikit-learn.

Power BI Dashboard Project – Created interactive dashboards using Power BI, Excel, and SQL.

Python Data Analysis Project – Performed data cleaning and visualization using Pandas and Matplotlib.

Education

Bachelor's Degree computer science and engineering

Vit Bhopal Collage, Sehore ,MP

Year of Graduation ; 2023-2027

Declaration

I hereby declare that the information provided above is true to the best of my knowledge.
